

## Teddy Bear Band Inducted in 2016

The music of Teddy Bear Band is created with the intent for children to gain and maintain a positive sense of self and an appreciation of their own abilities. “Adult friendly” opportunities

are provided to encourage parents and teachers to join the fun as role models to support this process. Participation and interaction are cornerstone concepts of the Teddy Bear Band’s musical shows. Teddy Bear Band is a real band, playing real instruments. They believe it is important to give kids a musical experience they can see and feel for themselves, as it happens.
